

# GDP ONLINE TRAINING for VEHICLE OPERATORS

## Topics:

- Definition of quality and special features of medicinal products
- Legal basis for the transport of pharmaceutical products
- Personal hygiene
- Pharmaceutically correct documentation
- Handling qualified equipment
- Deviations, complaints, claims
- Correct understanding and handling of refrigeration technology

## Available languages:

The web-based training can be carried out independent of time and place. It can be interrupted at any time and continued at a later date. The progress is saved online.

This also makes it possible to switch devices at any time, e.g. to a tablet or smartphone.

**(Note: The training is preferably to be done with Google Chrome or another browser and not with Safari).**

Training duration: approx. 2 hours

Access to the online learning platform is available to you for 4 weeks from receipt of the email with your access data. The final test can **only** be taken **once**.

starting from 59,- €

For a higher number of accesses,  
you will receive an individual offer.
